and what have you

by BOB CRAIG

Boy! Whoever sets the date for the Jones County Livestock Show sure knows how to pick the day when the show was held here. Friday the weather was real nice and it turned off pretty again Sunday, but Saturday was a lulu.

Unless some building is available three years from now, when the show is due back here again, that will hold the show on the inside I think it would be best just to set the show in Anson annually.

The County Livestock barn in Anson will hold the project out of the weather and this would be the only fair thing to do for the boys and their stock.

Of course if Hamlin could come up with a suitable building in the meantime that would hold the show on the inside it would be another matter.

Another cold front was hitting this area Tuesday as this was being written and if it should be real cold after this sees print or if it gets down near zero again this season it might be well to pass along some advice for the public from one of Hamlin's plumbers.

Dewey Nunley suggested Tuesday that if you fail to leave your faucets dripping and they freeze—to be sure to open them up so that it will leave room for the ice to expand and that this will help prevent the lines from bursting.

Everyone that I have talked to was well pleased with the BCD's banquet last Friday night. All of the directors seemed very pleased with the response of the local townspeople in turning out. The threat of the severe cold weather curtailed the number of out of town people attended this year, but, even with this, the turnout was real fine.

The B&PW clubwomen did an outstanding job of decorating the gym for the affair. It was rather refreshing to see the change from the traditional green as in the past. Although green is our city's unofficial color it is well to vary from this from time to time if for no other reason than to make the green more impressive the next time.

This weekend through Monday night will be the big push for the March of Dimes in this area. The drive will open here Saturday with the annual blockade by the Boy Scouts of Troop 43.

The telephone to be held in Abilene this week end will have a local touch as there will be a local number that can be called to make donations. The amount of the donations will be relayed into Abilene but the Jones County fund will get credit for the money.

The drive will close Monday night with the annual Mother's March. The P-TA will conduct the porch light campaign locally.

There is still a great need for money for both research and patient care by the expanded program and hope is that each of you will keep this in mind as you make your donation.

President Kennedy's budget message to Congress with its \$11.9 billion deficit is enough to make every American just a little sick. On the basis of his past record it can be assumed that by the end of the year the deficit will be over \$20 billion since he seems to have knack of missing it by about 50 per cent for one reason or another.

Facing this size of deficit, it makes you wonder about a tax cut. There is sound reasoning behind the idea of a tax cut boosting the national economy but at the same time a deficit tends to induce inflation which balances out any gain.

The problem for Congress or the administration is where to start trimming the budget. Once people start getting something they are very hesitant about giving it up. Secretary of Defense Robert McNamara found this out as he has England, Congress, sections of industry, branches of the armed forces and much of the public (Continued on Back Page)

Assembly of God To Host Abilene Sectional Rally

The local Assembly of God Church will serve as host for the Abilene Sectional Christ Ambassadors Rally to be held here Monday at 7:30 p.m. The meeting will be held in the old sanctuary of the First Baptist Church.

Guest speaker for the youth rally will be Billy Gordon, a young minister from Abilene.

On the following night, January 29, a four day revival will open at the Assembly of God Church with the Rev. R. E. Maxwell, minister of the First Assembly of God Church in Mineral Wells, as the evangelist. Services will be held nightly at 7 p.m. through February 1, according to the pastor, Rev. J. C. Amburn.

The Rev. Maxwell is a former pastor of the local church and is the Sectional Presbyter.

Pony League To Meet Thursday

A meeting of the Pony League Ball Club will be held Thursday, Jan. 24, in the high school cafeteria to make plans for the forthcoming ball season.

All players who are interested are urged to be at the school at 7:30 p.m. The fathers are also invited to attend.

School Must Have Names of Students Enrolling in Fall

Supt. C. F. Cook is asking for an accurate completion of the school census which ends this month so that all children who will be entering school for the first time this fall will be enumerated.

He said it is very important that all children who are just now getting ready to attend school be listed. He added, it is especially hard to get the names of children who are six years of age and do not have older brothers or sisters in school.

Anyone having a child who will go to school for the first time, or know of a child that may not be registered, is being asked to get in touch with one of the school principals or the superintendent's office.

Mother Dies Sunday in Lubbock

Funeral services for Mrs. D. B. Mackey, mother of Evel Mackey, local Borden's route-man, were held in the Westmoreland Baptist Church in Lubbock Monday.

Mrs. Mackey died at her home in Lubbock about 6 a.m. Sunday.

Other survivors include two sisters, Mrs. W. E. Wrenn and Mrs. A. A. Story, both of Abilene.

Past BCD Presidents Honored Friday Night

Sixteen former presidents were recognized by retiring president Robert Fowler at the annual Hamlin Board of Community Development banquet here Friday evening. He reviewed the progress of Hamlin, going back to 1917 when a club, a forerunner of the BCD was organized.

Fowler introduced Joe Ford, new president of the organization and other officers and directors.

In accepting the responsibility as president, Ford challenged the more than 250 present to continue with their efforts in making Hamlin prosperous and to be willing to give of their talents and desires for growth of Hamlin rather than just receiving the benefits of others work.

He stressed, "We receive but we must also give in return to have a town we are proud of."

Dr. Guy D. Newman, president of Howard Payne College, Brownwood, was principal speaker. He commended the community for their part in the growth of the greatest economy the world has ever seen. He further mentioned that the heritage of this country is unparalleled in the world's history.

In mentioning the forces which are trying to destroy America's freedom, he said, "There is not a single historical example of where socialism in its extreme has been successful."

In conclusion, he related an

experience on a busy sidewalk in downtown New York City when he witnessed a woman preaching in front of a United States Flag which she had placed there. Dr. Newman said, "It was not what she said that enthralled me, but that she was free to say it." He further stated, with optimism, that he hoped his grandson would be

able to go there 25 years from now and the same freedom would be evident.

Dr. Newman was introduced by the Rev. Lenard Hartley, pastor of the First Baptist Church.

Rev. John H. Burleson, pastor of the Calvary Baptist Church and president of the Ministerial Alliance, gave the

invocation. Leldon Clifton was master of ceremonies. He introduced out of town guests from Abilene, McCauley, Lueders, Roby, Sylvester, Stamford, Rule, Anson, Sweetwater, Snyder, Old Glory, Rotan, Moran, Albany, Asperment and Lamesa.

REV. LENARD HARTLEY TO TAKE PART IN JAPAN NEW LIFE MOVEMENT-SET TO LEAVE MARCH 25

Rev. Lenard Hartley, pastor of the First Baptist Church, who received an invitation early this month to be a part of the Japan New Life Movement, was given leave of absence and financial support by the congregation Sunday evening so that he may take part in this mission.

Rev. Hartley will conduct two revivals in the Philippines, possibly one in Hong Kong, and

then go back to Japan for the services needed there.

Date to leave Dallas has been tentatively set for March 25.

Also planning to go from the local church are Mr. and Mrs. W. C. Russell. In preparation for the mission, Mr. and Mrs. Russell attended an orientation session in Dallas last week during the Evangelist Conference.

Rev. Hartley has been pastor here for three years. He is on the executive board, president of District 17 and is moderator of the Jones County Association. There will be 147 teams taking part in the Japan New Life Movement which was planned following an invitation from Japan Baptists. It is being sponsored jointly by the Texas Baptist Convention and the Southern Baptist Foreign Mission Board.

The teams are composed of a pastor, musician and a layman. There will be 40 teams going to the Philippines and others will go to Korea and Hong Kong. Scheduling is incomplete at this time.

Transportation expenses, lodging, meals and other expenses will be paid by the individuals and their churches sponsoring them.

The sponsoring organizations have committed \$500,000 to be spent for arrangements, publicity, radio, newspaper, magazine and television hook-ups. A part of the telecasting will be nationwide.

Rev. Hartley said that the idea for this movement was born in the heart of an Abilene man, Dub Jackson, missionary in Japan, in 1955. He also said "The idea has continued to grow in his (Jackson's) heart

Local Man Buys McMahon Jewelry Store Here

After nearly 50 years of operation in Hamlin, the S. D. McMahon Jewelry Company, has been sold to Gene Knabel of Knabel's Jewelry. The sale was made by Mrs. S. D. McMahon last week.

Mrs. McMahon and her husband, the late Mr. McMahon, opened the business in March, 1914, along with W. H. Gilbert. The McMahons bought the Gilbert interest in 1917.

Since Mr. McMahon's death in April, 1945, Mrs. McMahon has continued the operation featuring nationally known lines which include Franciscan Ware, Reed and Barton sterling and silverplate, Wallace sterling and silverplate, Foster, Elgin, Gruen, Royal Jackson China, Shaeffer, Prince and Princess Gardner billfolds, Ambassador greeting cards, stationery and picture frames.

Knabel said this week that most of the major lines would be maintained by his store. A sale will open this weekend to close-out the inventory and then the major lines will be restocked at his present location at 218 South Central.

People who had business at the First National Bank last week evidently felt that there was a new force at work—in fact there was a new banker up the street—he arrived January 8 and his name is O. H. Berry Jr. Mr. and Mrs. Berry are yet undecided whether this young “cashier” will make a preacher, or a lawyer, for he has wonderful lungs according to the father. But the future in banking may require a man of speech. . . . The Wall-Walton company became the WALL-YOUNG Company last week when R. F. Walton sold his interest in the store. . . . Citizens should not worry about the water situation. Hamlin may not have a drop to spare or waste, but there is little doubt but that plenty will be had for general needs.

Saturday night about 10:30 fire did considerable damage to three Hamlin businesses estimated at more than \$25,000. Involved in the blaze were the City Barber Shop of C. W. Moore, Will A. Parker Leather and Shoe Shop and the Helpy-Selfy Grocery. . . . First New Year baby born in the Hamlin community was a girl for Mr. and Mrs. V. T. Stringer, who has been named Terry Frances. . . . D. Several Special Acts Booked for Fat Stock Show

FORT WORTH—A hilariously comic horse and a side-saddle precision riding performance judged “the best act on horseback in 40 years” will join five top trick riders as specialty attractions at the 1963 Fort Worth Stock Show Rodeo, January 25 through February 3.

“Grand Ole Opry” star, Minnie Pearl, will headline the rodeo’s 20 performances, and approximately 400 cowboys—including world’s champion all-around cowboy Tom Nesmith—will challenge bucking broncs and bulls they have voted the toughest in rodeo. The animals are the cream of the bucking crop from the strings of three producers.

Colorado’s 24 brilliantly costumed, fast-moving Side-Saddle Susans, who have been featured at the nation’s major fairs and rodeos, will be making their first tappearance in the Southwest. All high school youngsters, they’ve won praise at such shows as Denver’s National Western and the American Royal at Kansas City.

A comic horse is a pretty funny idea to begin with, and “hilarious” is the only word to describe Ken Boen and the New Gray Mare. A rollicking hit for years with the “Old Gray Mare,” Boen and his four-footed comedienne are one of rodeo’s leading comedy acts.

Over 62? Better Check Up on Your Social Security

January 1963 is the month for all persons past age 62 to take a quick look at their 1962 earnings and then apply for some social security benefits if they have not already done so, provided the following table applies to them, advises R. R. Tuley Jr., district manager for the Social Security Administration in Abilene.

“Regardless of the annual total for 1962, insured persons past age 62 may collect a social security check for any calendar month in 1962 that they neither rendered substantial services in self-employment nor earned over \$100 in wages,” he added.

For those who worked all months in 1962, Tuley suggests they take a look at the following table to determine whether or not some checks might be due them.

Ave. An. Earn. since 1950	Estl. S S Benefit	Some Cks. if '62 earn. less than
\$ 900	\$ 40	\$1930
\$1200	\$60	\$2170
\$1800	\$ 73	\$2326
\$2400	\$ 83	\$2416
\$3000	\$ 95	\$2590
\$4200	\$115	\$2830

If the wife is also past age 62, the figures in the right hand column can be as much as 10% higher and still leave some payments due for 1962, he went on.

“However, unless an application is filed in January 1963, or a letter requesting benefits is postmarked before February 1, 1963, the above table will not be accurate, as no claim can be back-dated more than twelve months before the month in which it is filed,” Tuley added. Each post office has a schedule of visits to be made by field representatives; interested persons may either call or write the social security office in Abilene, or meet one of the field representatives at one of the scheduled places and time.

Childhood PLEASURES

“Even a child is known by his doings, whether his work be pure, and whether it be right.”

A mother only has to glance at her child to know if his play is pure, or if it is leading to mischief. Our Father in heaven can as easily look on our hearts and judge our ways. *“A good man out of the good treasure of the heart bringeth forth good things: and an evil man out of the evil treasure bringeth forth evil things.”*

Seek the Lord in his house, so that your heart will be right with God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Weather news is still cold and dry, cold wouldn't be so bad if we could get some snow, or moisture of any kind. Such frigid weather, combined with no moisture, has really damaged the wheat. Grazing prospects look at the present time, until some water is received, the wheat will barley hold its own, unless it warms up quite a lot.

Attendance was up some at church, despite the cold weather. You can get used to anything if it lasts long enough, so all should be used to the weather.

Rev. and Mrs. Lewis got word Friday night that her father, J. W. Ray, Lubbock, was worse and they went to see him, returning Saturday night. His condition was better at that time, although he is in a serious condition.

Mr. and Mrs. Roy Taylor of Muleshoe, spent Monday night with Mr. and Mrs. Elmer Joiner. The Taylors were enroute to the new lake near Breckenridge, to complete a deal for a lot and building a fishing cabin. Since they issued a standing invitation to all of their friends to visit them there, when the lake is filled and their cabin finished, the Joiners will probably take advantage of their 36 years of friendship.

Mr. and Mrs. E. A. Henry are driving around in a new Plymouth, since last Tuesday. They tried it out Sunday at-

noon, going to Snyder to visit their son, Mr. and Mrs. Clois Henry and children.

Mr. and Mrs. Joe Ford attended the Board of Community Development banquet in

Hamlin last Friday night. Their son, Joe E. Ford, was installed as president.

Mr. and Mrs. Woodrow Goodwin visited his brother, Bryan, last Thursday morning. While they were there, he was carried to the Anson General Hospital to spend a few days. He

is not improving any, his condition is baffling to the doctors, but we all hope for him and his family that he will feel better after his stay in the hospital.

Mrs. Elmer Joiner attended a council meeting for the Home Demonstration Clubs, in An-

son the past Wednesday.

Mr. and Mrs. Woodrow Goodwin and Linda, ate lunch with the Winslow Grays Sunday.

Other visitors Sunday afternoon were Mr. and Mrs. Mel Jones.

ards is the former Azalee Beauchamp, and was reared in our community. For the past year she has been employed at the Buckner Home for Girls, at Lubbock.

Rev. and Mrs. Derrell Lewis and children were dinner guests of Mr. and Mrs. Bill Newland Sunday. The pastor and family attended the singing at the

Four Square Church in Hamlin, Sunday afternoon and reported a good time.

The Corinth Baptist church has invited our church, along with other neighboring churches, to attend the family night, sponsored by their brotherhood, next Wednesday night, Rev. L. L. Trott will be the guest speaker. Our church will

omit their mid week services and meet with them.

SCHOOL HEAD URGES PARENTS TO CHECK ON STUDENT'S WORK

With this being the week following mid-term examinations, Supt. C. F. Cook of the Hamlin Public Schools issues the following report which should interest all parents of school children.

The school year is one half completed and the report of your children will be coming to you this week. I sincerely hope that all of our children will get a good report, but knowing that all do not put forth their best efforts, some will have reports that are not satisfactory.

I would like to suggest if you are dissatisfied with your child's report, you see his teacher and principal and discuss ways and means to help your

child or the reason why the poor progress.

So many times a child brings poor reports home and the parents are very unhappy but do not try to correct the cause or try to find out why their child is not doing well. This is a bad practice. It is wise to be open minded when you visit your child's teacher, because teachers are only people like yourselves, trained to teach school. I know that there are times when a teacher would like to talk to parents about their children but do not have the time to visit all homes. It is very wise for all parents to visit your school. This gives your teacher and children confidence in knowing that you are interested in our school.

We are having our best school year, but I would like to suggest a few things that will help our students and our school be better.

1. Help your child—Plan his study habits.

2. See that he does his homework each day.

3. Require good regular attendance.

4. If your child is not at school, we can not help him. Please require your child to attend regular.

5. Parents must help their children, but please do not prepare their work for them.

6. Contact your child's teacher about his work, whether he is doing good or bad.

Good study habits are always conducive to good learning. It is necessary for your child to study in order to make a good report.

Feel free to communicate with the administration (Principals and Superintendent) at all times. We need your help in so many ways. Constructive criticism is always appreciated.

Please contact your Principal and he will make appointments for you to see your child's teacher if so desired.

The red, white and blue patriotic decorations were prepared by the Business and Professional Women's Club. down on him for trying to cut the defense budget down in what they seem to think is the wrong places.

Dallas has the Trinity River project and the new Federal Building on their want list. Now, Amarillo and the Plains want the Canadian River project and the State of Texas wants Padre Island developed to name only some of the big projects in the state that call for part of this federal money. You multiply this by the number of states and you have a great number of voters who will be unhappy with their representatives if they don't get their pets approved.

It takes votes to get elected to any office and the American people seem to have a very high price tag set on their vote.

There seems to be a sickening lack of concern for our national debt which is around \$300 billion and climbing. Most of this debt has been made during a time when the American people are enjoying the highest standards of living this world has ever seen.

As Rep. Omar Burleson points out in his column this week "The Romans and the Athenians had their cake and ate it too—for awhile."

Boy! Whoever sets the date for the Jones County Livestock Show sure knows how to pick the day when the show was held here. Friday the weather was real nice and it turned off pretty again Sunday, but Saturday was a lulu.

Unless some building is available three years from now, when the show is due back here again, that will hold the show on the inside I think it would be best just to set the show in Anson annually.

The County Livestock barn in Anson will hold the project out of the weather and this would be the only fair thing to do for the boys and their stock.

Of course if Hamlin could come up with a suitable building in the meantime that would hold the show on the inside it would be another matter.

Another cold front was hitting this area Tuesday as this was being written and if it should be real cold after this sees print or if it gets down near zero again this season it might be well to pass along some advice for the public from one of Hamlin's plumbers.

Dewey Nunley suggested Tuesday that if you fail to leave your faucets dripping and they freeze—to be sure to open them up so that it will leave room for the ice to expand and that this will help prevent the lines from bursting.

Everyone that I have talked to was well pleased with the BCD's banquet last Friday night. All of the directors seemed very pleased with the response of the local townspeople in turning out. The threat of the severe cold weather curtailed the number of out of town people attended this year, but, even with this, the turnout was real fine.

The B&PW clubwomen did an outstanding job of decorating the gym for the affair. It was rather refreshing to see the change from the traditional green as in the past. Although green is our city's unofficial color it is well to vary from this from time to time if for no other reason than to make the green more impressive the next time.

This weekend through Monday night will be the big push for the March of Dimes in this area. The drive will open here Saturday with the annual blockade by the Boy Scouts of Troop 43.

The Telethon to be held in Abilene this week end will have a local touch as there will be a local number that can be called to make donations. The amount of the donations will be relayed into Abilene but the Jones County fund will get credit for the money.

The drive will close Monday night with the annual Mother's March. The P-TA will conduct the porch light campaign locally.

There is still a great need for money for both research and patient care by the expanded program and hope is that each of you will keep this in mind as you make your donation.

President Kennedy's budget message to Congress with its \$11.9 billion deficit is enough to make every American just a little sick. On the basis of his past record it can be assumed that by the end of the year the deficit will be over \$20 billion since he seems to have knack of missing it by about 50 per cent for one reason or another.

Facing this size of deficit, it makes you wonder about a tax cut. There is sound reasoning behind the idea of a tax cut boosting the national economy but at the same time a deficit tends to induce inflation which balances out any gain.

The problem for Congress or the administration is where to start trimming the budget. Once people start getting something they are very hesitant about giving it up. Secretary of Defense Robert McNamara found this out as he has England, Congress, sections of industry, branches of the armed forces and much of the public (Continued on Back Page)

Hamlin Boys Take 3 Grand Champions at County Show

Assembly of God To Host Abilene Sectional Rally

The local Assembly of God Church will serve as host for the Abilene Sectional Christ Ambassadors Rally to be held here Monday at 7:30 p.m. The meeting will be held in the old sanctuary of the First Baptist Church.

Guest speaker for the youth rally will be Billy Gordon, a young minister from Abilene.

On the following night, January 29, a four day revival will open at the Assembly of God Church with the Rev. R. E. Maxwell, minister of the First Assembly of God Church in Mineral Wells, as the evangelist. Services will be held nightly at 7 p.m. through February 1, according to the pastor, Rev. J. C. Amburn.

The Rev. Maxwell is a former pastor of the local church and is the Sectional Presbyter.

Pony League To Meet Thursday

SCHOOL CAUGHT BETWEEN DECLINING INCOME AND RISING COSTS—COOK TELLS LIONS CLUB

Declining income and rising costs have caught the local school system in a tight squeeze members of the Lions Club were told Tuesday by School Superintendent C. F. Cook. He told the group that the district's tax valuations have shown a steady decline for the past eight years while at the same time the instructional salaries have increased each year.

He pointed out that teachers' salaries have increased \$120,499.00 in the past eight years—this includes five new teachers. All of this increase has been set from the state level. During this time the school's receipts from the state in its various forms has only increased \$60,719.00 and the local tax receipts to be used for other than retiring the bond indebtedness has increased only \$22,655.00.

Cook told the club that the \$36,904.00 difference in the receipts and expenses has had to come out of the rest of the school's expenditures. He said that the bulk of this has had

to be cut from the upkeep and maintenance of the local facilities.

During this same period the cost of retiring the school's bonded indebtedness has increased from \$42,505.00 in 1955-56 to \$47,732.00 in 1962-63, an increase of \$5,227.00. He told the Lions that the increase was caused by the construction of the Gymnasium and that the cost of bonds would drop to \$13,000,000 in three more years.

While Cook was quick to point out that he felt that the teachers were just now receiving a fair salary, he showed the group how the cost of instruction has increased over the past eight years. Teachers received a pay raise in 1957 of \$400 and a raise of \$800 again in 1961. Each teacher also receives an increase for each year of service for a set number of years.

He compared this with the tax valuation and tax rate to show how the local board has tried in the past to hold their own. The valuations were \$17,750,000.00 in 1955-56 and the

rate was \$1.25. The valuations dropped each year after this and the board raised the tax rate to \$1.45 in 1958 when the valuations were down to \$16,016,200.00. The rate was increased to \$1.50 the following year and then in 1961 the board raised the valuations by 10 per cent. This raised the valuations from \$15,639,160.00 in 1960 to \$16,995,837.00 in 1961.

According to Cook the drop in oil production within the district has been the principal cause of the drop in valuations.

Past BCD Presidents Honored Friday Night

Sixteen former presidents were recognized by retiring president Robert Fowler at the annual Hamlin Board of Community Development banquet here Friday evening. He reviewed the progress of Hamlin, going back to 1917 when a club, a forerunner of the BCD was organized.

Fowler introduced Joe Ford, new president of the organization and other officers and directors.

In accepting the responsibility as president, Ford challenged the more than 250 present to continue with their efforts in making Hamlin prosperous and to be willing to give of their talents and desires for growth of Hamlin rather than just receiving the benefits of others work.

He stressed, "We receive but we must also give in return to have a town we are proud of."

Dr. Guy D. Newman, president of Howard Payne College, Brownwood, was principal speaker. He commended the community for their part in the growth of the greatest economy the world has ever seen. He further mentioned that the heritage of this country is unparalleled in the world's history.

In mentioning the forces which are trying to destroy America's freedom, he said, "There is not a single historical example of where socialism in its extreme has been successful."

In conclusion, he related an

experience on a busy sidewalk in downtown New York City when he witnessed a woman preaching in front of a United States Flag which she had placed there. Dr. Newman said, "It was not what she said that enthralled me, but that she was free to say it." He further stated, with optimism, that he hoped his grandson would be

able to go there 25 years from now and the same freedom would be evident.

Dr. Newman was introduced by the Rev. Lenard Hartley, pastor of the First Baptist Church.

Rev. John H. Burleson, pastor of the Calvary Baptist Church and president of the Ministerial Alliance, gave the invocation. Leldon Clifton was master of ceremonies. He introduced out of town guests from Abilene, McCauley, Lueders, Roby, Sylvestre, Stamford, Rule, Anson, Sweetwater, Snyder, Old Glory, Rotan, Moran, Albany, Aspermont and Lamesa.

Rev. Hartley will conduct two revivals in the Philippines, possibly one in Hong Kong, and

then go back to Japan for the services needed there. Date to leave Dallas has been tentatively set for March 25.

The teams are composed of a pastor, musician and a layman. There will be 40 teams going to the Philippines and others will go to Korea and Hong Kong. Scheduling is incomplete at this time.

Transportation expenses, lodging, meals and other expenses will be paid by the individuals and their churches sponsoring them. The sponsoring organizations have committed \$500,000 to be spent for arrangements, publicity, radio, newspaper, magazine and television hook-ups. A part of the telecasting will be nationwide.

Rev. Hartley said that the idea for this movement was born in the heart of an Abilene man, Dub Jackson, missionary in Japan, in 1955. He also said "The idea has continued to grow in his (Jackson's) heart

and in the hearts of others through the years until all who are involved in the planning and preparation are made aware it is a miracle of God because of so many things which cannot be explained have happened to make possible this great effort."

The invitation to participate in this movement came from a four man committee which includes Dr. K. Owen White of Houston, president of the Texas Baptist Convention; Dr. C. Wade Freeman, secretary of evangelism; Dr. T. A. Patterson, executive secretary of Texas Baptist Convention, both of the Dallas office; Baker J. Years Ago...

FORTY YEARS AGO

People who had business at the First National Bank last week evidently felt that there was a new force at work in fact there was a new banker up the street—he arrived January 8 and his name is O. H. Berry Jr. Mr. and Mrs. Berry are yet undecided whether this young "cashier" will make a preacher, or a lawyer, for he has wonderful lungs according to the father. But the future in banking may require a man of speech. The Wall-Walton company became the WALL-YOUNG Company last week when R. F. Walton sold his interest in the store. Citizens should not worry about the water situation. Hamlin may not have a drop to spare or waste, but there is little doubt but that plenty will be had for general needs.

25 YEARS AGO

Saturday night about 10:30 fire did considerable damage to three Hamlin businesses estimated at more than \$25,000. Involved in the blaze were the City Barber Shop of C. W. Moore, Will A. Parker Leather and Shoe Shop and the Helpe-Selfy Grocery. First New Year baby born in the Hamlin community was a girl for Mr. and Mrs. V. T. Stringer, who has been named Terry Frances. D. C. Gibson Lumber Company has sold its Hamlin yard to Rockwell Bros. and Company. Myrtle Lee Cohorn and Ernestine Weatherford visited friends at Midland and Odessa the past week end.

15 YEARS AGO

Riley Foster is the new manager of the Hamlin Safeway. He succeeds Pat Marlowe who has entered private business. Infant diarrhea epidemic had sent several small children in the Hamlin area to hospitals during the past several days. R. A. Dean, son of Mrs. R. S. Dean of Hamlin, was recently elected president of the Society of Petroleum Engineers and Geologists at Texas Tech. Haskell High School Indians bowed to the Hamlin Pipers Thursday night in a closely contested basketball game Thursday night. The score was 11 to 7.

Several Special Acts Booked for Fat Stock Show

FORT WORTH—A hilariously comic horse and a side-saddle precision riding performance judged "the best act on horseback in 40 years" will join five top trick riders as specialty attractions at the 1963 Fort Worth Stock Show Rodeo, January 25 through February 3. "Grand Ole Opry" star, Minnie Pearl, will headline the rodeo's 20 performances, and approximately 400 cowboys—including world's champion all-around cowboy Tom Nesmith—will challenge bucking broncos and bulls they have voted the toughest in rodeo. The animals are the cream of the bucking crop from the strings of three producers. Colorado's 24 brilliantly costumed, fast-moving Side-Saddle Susans, who have been featured at the nation's major fairs and rodeos, will be making their first appearance in the Southwest. All high school youngsters, they've won praise at such shows as Denver's National Western and the American Royal at Kansas City. A comic horse is a pretty funny idea to begin with, and "hilarious" is the only word to describe Ken Boen and the New Gray Mare. A rollicking hit for years with the "Old Gray Mare," Boen and his four-footed comedienne are one of rodeo's leading comedy acts.

Over 62? Better Check Up on Your Social Security

January 1963 is the month for all persons past age 62 to take a quick look at their 1962 earnings and then apply for some social security benefits if they have not already done so, provided the following table applies to them, advises R. R. Tuley Jr., district manager for the Social Security Administration in Abilene. "Regardless of the annual total for 1962, insured persons past age 62 may collect a social security check for any calendar month in 1962 that they neither rendered substantial services in self-employment nor earned over \$100 in wages," he added. For those who worked all months in 1962, Tuley suggests they take a look at the following table to determine whether or not some checks might be due them. Ave. An. Est. Some Cics. Earn. since 1950 Benefit less than \$1930 \$40 \$2170 \$1200 \$60 \$2170 \$1800 \$73 \$2326 \$2400 \$83 \$2446 \$3000 \$95 \$2590 \$4200 \$115 \$2830 If the wife is also past age 62, the figures in the right hand column can be as much as 10% higher and still leave some payments due for 1962, he went on. "However, unless an application is filed in January 1963, or a letter requesting benefits is postmarked before February 1, 1963, the above table will not be accurate, as no claim can be back-dated more than twelve months before the month in which it is filed," Tuley added. Each post office has a schedule of visits to be made by field representatives; interested persons may either call or write the social security office in Abilene, or meet one of the field representatives at one of the scheduled places and time.

Childhood PLEASURES

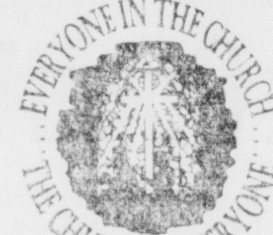

"Even a child is known by his doings, whether his work be pure, and whether it be right."

A mother only has to glance at her child to know if his play is pure, or if it is leading to mischief. Our Father in heaven can as easily look on our hearts and judge our ways. "A good man out of the good treasure of the heart bringeth forth good things; and an evil man out of the evil treasure bringeth forth evil things."

Seek the Lord in his house, so that your heart will be right with God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

OLD GLORY...

By SHARON LEVERETT Phone 3958

The school term is already half over. The semester tests were given week before last. The tests were an important factor in the semester average.

To be eligible for any interscholastic contest, athletic or literary, a student must have passed three courses for the preceding semester. The next few months will pass fast enough, for there are many activities to keep students and teachers busy.

The seniors and juniors who plan to attend college are registering for the A C T now and the S A T later. Practically all colleges now require entering freshmen to take one of these entrance exams.

Two junior students, Charles Diers and Larry Quade are registered to take the National Merit Scholarship Test (Preliminaries) in March.

V. R. Leverett, superintendent, and Garret Spitzer, president of the school board, attended the annual Texas School Administrators' Conference in Austin January 10-11.

The school was glad to see Mrs. Lou Boldaz, the school nurse, back in school. During the holidays, she was ill with pneumonia and spent 10 days in the Hamlin Hospital.

Mrs. Cecil Klump attended a district planning meeting for the one-act play directed at Hawley Monday night.

The spring literary meet will be held at Hawley on April 5. Those trying out will have eliminations later.

A good sized crowd came out to see the Old Glory-Point Creek games here Tuesday night. After the close first half, the Point Creek girls pulled ahead to win 57-37. The boys played a good game, losing by 10 points.

On Sunday evening, while the Tremmeyers were in Abilene and Buddy gone, the garage and Buddy's car burned. The reason for the fire is unknown.

The eighth grade has set March 1 as the date for the eighth grade banquet. Mrs. Leverett appointed several committees to work on details for the banquet.

Truett Hennig, county agent, met with the local 4-H clubs in called meetings Wednesday morning. He discussed the plans for the Stonewall 4-H Livestock Show which is scheduled for Feb. 2 at Aspermont. He also mentioned a 4-H sponsored theme contest on the subject of conservation. Mr. Hennig stated plans to demonstrate the new county level.

The local girl 4-Hers will sell food at the livestock show.

The grade school basketball teams played Jayton Monday night and Old Glory won both games.

Red noses and cold weather are frequent occurrences around Old Glory school.

Judy Garner and Donnie Sawyer, college freshmen at Lubbock Christian, visited at home after the final mid-term tests. Their parents are Mr. and Mrs. John L. Garner and Mr. and Mrs. A. R. Savers.

Sandy Leverett, a college freshman at Tarleton State, visited with Mr. and Mrs. V. R. Leverett during the mid-term break.

Tommy Letz, also a college freshman at Texas Tech, visited his parents, Mr. and Mrs. Charlie Letz.

Filters Cause Two Big Problems of Forced Air Heaters

College Station - Dirty filters are the cause of two common problems with forced air heating systems - loss of efficiency and unsatisfactory performance.

W. S. Allen, extension agricultural engineer, says the first indication of a dirty filter may come when fuzz is noted over the h use and the efficiency of the system declines. In some instances, the engineer points out, the loss in efficiency is accompanied by an increase in noise made by the heating system fan.

When the surface of the filter becomes heavily coated with fuzz and dust, the air flow is reduced and the efficiency of the system is curtailed, Allen explains. The filter, thus, is a very important part of the forced air heating and/or cooling system.

Allen suggests frequent checks of the filter to make sure it is performing its task. The frequency of replacing the filter will vary from household to household. Believe it or not, he says, a filter will become plugged and dirty shortly after the system in a new home is put into operation. This, he adds, is due to the amount of fine sawdust and "builder's dirt" which is present but unnoticed.

Some types of filters can be cleaned with a vacuum cleaner and washed to remove the fuzz and dust and then treated with a filter solution to extend its useful life. Most systems, however, are equipped with the "throw-away" types and these should be replaced with a new filter. Allen emphasizes the importance of replacing the filter with size and type recommended by the manufacturer of the system.

PRESS GROUP NAMES DAN BLOCKER 'TEXAN OF THE YEAR'

AUSTIN - Dan Blocker, a really "big" man, will be the recipient of the Texas Press Association's 1963 "Texan-of-the-Year" award.

Announcement of his selection has been made by George Baker, president of the newspaper association and publisher of the Fort Stockton Pioneer.

The presentation to Dan Blocker, 300-pound co-star of the NBC-TV show Bonanza, was made at TPA's Mid-Winter meeting at the El Tropicano Hotel in San Antonio on Saturday evening, January 26.

Blocker, known on TV as Hoss Cartwright, was born in Bowie County, Texas, on December 10, 1929. He grew up in the Texas Panhandle and received his education in Texas.

Weighing 14 pounds at birth, he pulled the scales to 105 pounds by the time he entered grade school. He became known among his friends as "The Big'n." At age 10 he worked alongside grown men at grain elevators and could whip any of the local toughs, regardless of their age.

Despite his extraordinary strength, Dan Blocker had other ideas than pushing his weight around as a strong man. When 12 years old he enrolled in the Texas Military Institute at San Antonio. At that time he weighed 200 pounds and stood six feet tall.

From the military institute he went to Hardin-Simmons University at Abilene for a semester, then to Sul Ross State College at Alpine, on a football scholarship, to major in physical education.

He changed his major to drama before he was graduated in 1950.

From Alpine he went to Boston for summer stock. Then, as did most young men of his time, Dan Blocker received his greetings from The President and went overseas for a whirl at Korea.

When he finished his army hitch, he came home with the stripes of a first sergeant, to further impress Dolphia Parker, his college sweetheart. They were married on August 25, 1952. They now have four children, twin girls and two boys. Blocker returned to Sul Ross shortly after his marriage to work on his master's degree. He left classes for one year to teach in the high school at Sonora. Upon receiving his Master's degree in drama and English, he taught school at Carlsbad, New Mexico.

In 1956, he went to Los Angeles for graduate work at the

DAN BLOCKER named 'Texan of Year'

UCLA. Almost immediately he was chosen for a feature role in a Gunsmoke episode, where he made more money four days than in a month of teaching.

Since that time his rise to stardom has been rapid. He has played in many significant TV roles and today has top billing with Bonanza.

The Texas Press Association on behalf of its 76 member dailies and 432 weeklies, has presented "Top Texan" awards on two previous occasions. In 1961 the honor went to Paul Richards of baseball fame, a native of Waxahachie, who at the time was manager of the top-ranking Baltimore Orioles. Last year the "Texan of the Year" award went to Van Cliburn, world renowned pianist from Kilgore, Texas.

Selection of the "Texan of the Year" is made from nominations by Texas editors and publishers. Nominees must be well known Texans, outside the field of politics, now residing within the borders of the state, but bringing fame to the state by outstanding accomplishments in their chosen fields of endeavor.

By MRS. ELMER JOINER

Weather news is still cold and dry, cold wouldn't be so bad if we could get some snow, or moisture of any kind. Such frigid weather, combined with no moisture, has really damaged the wheat. Grazing prospects look at the present time, until some water is received, the wheat will barley hold its own, unless it warms up quite a lot.

Attendance was up some at church, despite the cold weather. You can get used to anything if it lasts long enough, so all should be used to the weather.

Rev. and Mrs. Lewis got word Friday night that her father, J. W. Ray, Lubbock, was worse and they went to see him, returning Saturday night. His condition was better at that time, although he is in a serious condition.

Mr. and Mrs. Roy Taylor of Muleshoe, spent Monday night with Mr. and Mrs. Elmer Joiner. The Taylors were enroute to the new lake near Breckenridge, to complete a deal for a lot and building a fishing cabin. Since they issued a standing invitation to all of their friends to visit them there, when the lake is filled and their cabin finished, the Joiners will probably take advantage of their 36 years of friendship.

Mr. and Mrs. E. A. Henry are driving around in a new Plymouth, since last Tuesday. They tried it out Sunday at

noon, going to Snyder to visit their son, Mr. and Mrs. Clois Henry and children. Mr. and Mrs. Joe Ford attended the Board of Community Development banquet in

Hamlin last Friday night. Their son, Joe E. Ford, was installed as president.

Mr. and Mrs. Woodrow Goodwin visited his brother, Bryan, last Thursday morning. While they were there, he was carried to the Anson General Hospital to spend a few days. He

is not improving any, his condition is baffling to the doctors, but we all hope for him and his family that he will feel better after his stay in the hospital.

Mrs. Elmer Joiner attended a council meeting for the Home Demonstration Clubs, in An-

son the past Wednesday. Mr. and Mrs. Woodrow Goodwin and Linda, ate lunch with the Winsen Grays Sunday.

Other visitors Sunday afternoon were Mr. and Mrs. Mel Jones.

Word has been received of the marriage of Mrs. Azalee Bonds to Mr. Alton Richards of Rule, January 4. Mrs. Rich-

ards is the former Azalee Beauchamp, and was reared in our community. For the past year she has been employed at the Buckner Home for Girls, at Lubbock.

Rev. and Mrs. Derrell Lewis and children were dinner guests of Mr. and Mrs. Bill Newland Sunday. The pastor and family attended the singing at the

Four Square Church in Hamlin. Sunday afternoon and reported a good time.

The Corinth Baptist church has invited our church, along with other neighboring churches, to attend the family night, sponsored by their brotherhood, next Wednesday night. Rev. L. L. Trott will be the guest speaker. Our church will

omit their mid week services and meet with them.

SCHOOL HEAD URGES PARENTS TO CHECK ON STUDENT'S WORK

With this being the week following mid-term examinations, Supt. C. F. Cook of the Hamlin Public Schools issues the following report which should interest all parents of school children.

The school year is one half completed and the report of your children will be coming to you this week. I sincerely hope that all of our children will get a good report, but knowing that all do not put forth their best efforts, some will have reports that are not satisfactory.

I would like to suggest if you are dissatisfied with your child's report, you see his teacher and principal and discuss ways and means to help your

child or the reason why the poor progress.

So many times a child brings poor reports home and the parents are very unhappy but do not try to correct the cause or try to find out why their child is not doing well. This is a bad practice. It is wise to be open minded when you visit your child's teacher, because teachers are only people like yourselves, trained to teach school. I know that there are times when a teacher would like to talk to parents about their children but do not have the time to visit all homes. It is very wise for all parents to visit your school. This gives your teacher and children confidence in knowing that you are interested in our school.

We are having our best school year, but I would like to suggest a few things that will help our students and our school be better.

1. Help your child—Plan his study habits.
2. See that he does his homework each day.
3. Require good regular attendance.

a. If your child is not at school, we can not help him. Please require your child to attend regular.

4. Parents must help their children, but please do not prepare their work for them.

5. Contact your child's teacher about his work, whether he is doing good or bad.

Good study habits are always conducive to good learning. It is necessary for your child to study in order to make a good report.

Feel free to communicate with the administration (Principals and Superintendent) at all times. We need your help in so many ways. Constructive criticism is always appreciated. Please contact your Principal and he will make appointments for you to see your child's teacher if so desired.

COLUMN—

(Continued from page one)

down on him for trying to cut the defense budget down in what they seem to think is the wrong places.

Dallas has the Trinity River project and the new Federal Building on their want list. Now, Amarillo and the Plains want the Canadian River project and the State of Texas wants Padre Island developed to name only some of the bigger projects in the state that call for part of this federal money.

You multiply this by the number of states and you have a great number of voters who will be unhappy with their representatives if they don't get their pets approved.

It takes votes to get elected to any office and the American people seem to have a very high price tag set on their vote.

There seems to be a sicken-

ing lack of concern for our na-

tional debt which is around \$300 billion and climbing. Most of this debt has been made during a time when the American people are enjoying the highest standards of living this world has ever seen.

As Rep. Omar Burleson points out in his column this week "The Romans and the Athenians had their cake and ate it too—for awhile."
